

Prov 29:18 without vision (revelation) people perish.

Foundation: witchcraft control - manipulation, Intimidation

Root issues: Soul Prospecting / mental Strongholds

## Things to pray about:

**Jezebel and Ahab:** A gate of hell opened at some time when people sinned allowing them in. This could be your sin or the sin of your ancestors. There are gates that need to be shut completely and with finality.

**DNA and iniquity:** *Anything put before God or trusted in more than God.*

**Idols:** the god of self (selfishness), sexual (pleasure, desires, powers, ability to seduce, porn), money, material things, jobs, Relationships, having to have someone in your life, friends, power, fame, popularity, music, sports, entertainment, hobbies, spiritual things (church, revival, the anointing, worship, an anointed minister), protection, Ancestral idols (religions, cults, various powers, occult, and anything they put before God or trusted in more than God). *You conquer this by deep repentance and confession of sins.*

**Fear:** A lot of control comes from fear or the fear of losing idols. Do you fear the future? Do you fear Satan or his kingdom? Do you fear being hurt again? Do you try to control people and circumstances around you to keep from getting hurt? Do you fear failure, humiliation, or rejection? Do you fear the pain of your past will be in your future? Do you fear intimate relationships or getting close to people? Being a jealous person is because of fear. Do you have walls up toward people? Many times people give way to Jezebel and control because of fear. Do you see fear and/or worry in your ancestors? *You conquer this by seeing how awesome and powerful God is, and by growing in faith in him.*

**Witchcraft:** *Using another spirit (power source) to control others*

Prayed controlling prayers or controlling words and word curses?

Make someone afraid of you and intimidate them or Seduce (seduction is manipulation)?

Seducing others or allowing yourself to be seduced, Manipulating others, Pressuring people to do what you want?

Threatening people, Putting guilt trips on people to control them, Make someone think you will be angry if they don't do what you want?

Control regarding money, Jealousy, Controlling circumstances, peoples, and places around you to keep from getting hurt again, Withholding sex or giving a lot of sex to control?

Do you allow others to control you? Do you try to control others? Do you see this in your ancestors?

*You conquer this by deep repentance and confession of sins.*

**Ask the Lord to reveal to you any Idols, fears, lusts, anger issues, unforgiveness, Pride, Rebellion, believing lies of the enemy, or walls you have had up toward people. Revelation is so important. Then repent.**

**Pray that the blood of Jesus cleanse and cover all these areas the enemy has had influence, then ask the Holy Spirit to fill those areas to bring change and liberty.**
