

# Conquering the Accuser

- Rev 12:7-17 accuser cast down: it is an end-time attack
- Matt 24:4, 9-14 End time difficulties
- Eph 6:10-18 we wrestle against spiritual forces of darkness
- Isaiah 60:1-3 gross darkness over the people but the glory arises
- Matt 11:20-24 Jesus rebuking cities, look at the contrast with Samaria and the area of the Gadarenes
- John 1:5 The light shined in the darkness and the darkness did not understand it

## A Little About our Area

- Jezebel/Ahab is the strongman over America. Baal is the antichrist spirit that Jezebel points to, and this idolatry empowers this stronghold. (Baphomet freemasonry). We conquer by deep repentance: Rev 18:4
- The strongman over this region has a lot to do with the Accuser of the brethren
- The Stronghold over our region is religious/witchcraft: Freemasonry, Native American has a lot to do with remaining bondage.
- The throne this prince of Satan has seems to be over Deep Ellum area empowered by the sin and witchcraft area, and what attacked Larry Lea has been lingering. (judging, accusing, and rebellion)
- Satans primary goal is to "divide and conquer"

## Overcoming the Accuser

1. Satan accusing us to God and we conquer by agreeing with our adversary along the way. Matt 5:25
2. Satan accusing us to each other. We conquer by walking in love and forgiveness, going to those who have offended us, and by having discernment against the religious counterfeit to the Holy Spirit. Matt 12:22-29
3. Satan accusing you to yourself and using others to accuse us to God or accuse us through others. You conquer by knowing what the Bible says about you and ignoring the garbage others say about you. Remember Balaam Rom 8:1-2

- Great division and darkness has been over this region, but we must remember that we don't wrestle against flesh and blood.
- Division between fathers and sons: spiritually curse on the land Malachi 4

**As a church we must remember:**

- Being biblical Christians: ask God to remove American Christianity
- Be willing to endure persecution and attacks
- Cannot tolerate divisive people Rom 16:17
- Must keep the church pure 1 Cor 5
- Teach warfare to make people aware Hosea 4:6
- Fully realize the battle ahead (count the cost)
- Stay unified and close to the Lord: John 17
- Guard against lukewarm and powerless Christianity
- Be very careful to not slander, tear others down, or want others downfall (murder)

**Spirits running around this area: Jude**

- Jezebels witchcraft (control, manipulation, intimidation)
- Pride (Leviathan) confusion
- Rebellion to authority
- Lack of loyalty
- Fear
- Divisive spirits
- Lust
- Religious spirits (having a form of godliness, but without power)

**Closing Thoughts**

- Judging, critical, accusing, prideful, lack of love, lack of loyalty- results in division
- Generation curses associated with these things: agreement with the spirit over this area in life
- Territorial curses by our own sin
